

Basic Detail Report

Catskill Aqueduct Medal, 1917

Date

1917

Primary Maker

Daniel Chester French

Medium

Bronze

Description

Round bronze medal with high-level relief decoration on the front and back sides. The obverse features the right profile portrait of Columbia (same as used on the D. C. French memorial medal). The reverse features a nude male figure standing upon a rocky terrain, pouring water from a large cistern resting upon his shoulder. An lengthy inscription accompanies the image.

Dimensions

Diameter: 1 1/2 inches (3.8 cm)
