

Basic Detail Report

American Society of Mechanical Engineers 50th Anniversary

Date

1930

Primary Maker

Julio Kilenyi

Medium

Bronze

Description

Rectangular bronze uniface medal with high-level relief decoration. The medal features an inscription above a nude male figure leaning upon a lab counter covered with scientific instruments and papers. The figure leans upon his right arm while holding a rolled paper within his left. A commemorative inscription is seen while below is a globe with a hand appearing to measure or circumscribe it with some sort of instrument.

Dimensions

3 3/16 x 3 15/16 inches (8.1 x 10 cm)
